Assessments & Recommendations

When applications are received, they are processed by Council staff, who check each application's eligibility. Applications determined to be ineligible will not process to assessment. All applications are assessed by an internal working group, comprising of Council staff members or independent external assessors as required. The results of these assessment panels are presented to a sub-committee of Councilors, who review recommendations that will be made to Council.

Approval

The elected Council is the primary approver of grants. Council can delegate this approver role to the CEO or a designated manager. The funding decisions made are final. City of Parramatta Council reserves the right to alter the total amount of funds to expended in each category, based on the applications received. Due to competition for funds, partial funding is sometimes offered.

OTHER KEY CONSIDERATIONS

Auspicings

Sometimes individuals, unincorporated associations with with great community project ideas partner with existing not-for-profit organisations to access funding and help a project happen in our community. This type of relationship is often called 'auspicings'.

Auspicings can be a relatively quick and efficient way to secure funding and get a community project started, in some cases, without establishing your own organisation. The organisation providing the auspice for your project may offer particular skills, infrastructure, resources, legal and insurance protection and management assistance for your project, depending on what is agreed.

City of Parramatta Council accepts applications from organisations that are providing such auspice arrangements to groups that would otherwise not be eligible for funding. In such cases, the organisations providing auspice should complete the application from as the "Applicant Organisation" as they are the organisation that enters into a formal funding relationship with Council if successful.

In recognition of the services provided by an auspicings organisation, City of Parramatta Council accepts the inclusion of an auspice fee in the budget up to 10% of the total amount being applied for.

Taxation

In accordance with the Goods & Services Tax (GST) legislation that came into effect on 1 July 2000, if you do not have an Australian Business Number (ABN), City of Parramatta

Council may be required to withhold 48.5% of any funds allocated.

All financial information provided should be exclusive of GST. Successful organisations/groups that have provided GST registration information will receive the allocated grant amount plus GST.

Projects involving Children

Where a project will involve adults working with children, successful applicants must undertake the necessary 'Working with Children' checks. The applicant must provide City of Parramatta Council with a letter advising of the successful completion and clearance of these checks within four months. The letter must be signed by an office bearer of the organisation receiving the grant.

Reporting

All grant recipients are required to report on and acquit their project(s) as detailed in their funding agreement. Report templates are available and should be submitted through the SmartyGrants online grants management system. Reports provide feedback on the success of the project in terms of the agreed outputs and outcomes, relevant data and any lessons learnt. Detailed financial reports will be required and grant recipients may be requested to provide further documentation and evidence of expenditure.

Grants Support and Monitoring Program

City of Parramatta Council is committed to achieving industry best outcomes in partnership with grant recipients. To achieve this, Council coordinates a Grants Support and Monitoring Program to strengthen the community sector in Parramatta. The program has four components:

- Grants monitoring - ensuring implementation of relevant Council policies and protocols, assisting Council Officers to effectively target support and resources to grant recipients and identify delivery and/or reporting challenges.
- Individual support and consultancy - a Council Officer is matched to each applicant who received the offer of tailored advice and support as required.
- Professional development workshop program - covering relevant topics for potential grant applicants e.g., grant writing, showcasing of successful community capacity building projects, auspicing, philanthropy, evaluation and leadership.
- Community Capacity Building email information network - used to distribute information on funding and professional development opportunity.

Acquittal: An acquittal report ensures that grant recipients have administered grant funds responsibly and in line with the terms and conditions of the Funding Agreement. An Acquittal report usually consists of a written report summarising how the project fared against the initial objectives of the grant. It also provides a financial statement detailing how the funds were spent.

Auspice: An arrangement where an incorporated community organisation ("the Auspice Body") agrees to apply for funding on behalf of a second organisation that is, most often, not incorporated ("the Auspiced Party"). If the funding application is successful, the Auspice Body then receives, holds and administers the funding to the Auspiced Party, so that they can complete the funded project or activities. The Auspice Body works with the Auspiced Party to ensure all reporting requirements are met, assisting the Auspiced Party to further develop project management knowledge and skills with a view to the Auspiced Party becoming independent (as appropriate) of the Auspice Body.

Community Capacity Building: Empowers communities by building on community strengths to address issues identified as important by communities. This is achieved through a variety of actions that build strength, resilience and access to resources, including knowledge & skills development, as well as networks & partnership development for collective action.

Community Organisation: All voluntary community groups, service organisations, community services, sporting groups, art organisations, heritage societies, and other organisations that come under the definition of "not-for-profit". Social enterprises that are auspiced by a not-for-profit organisation or that have a clear governance structure that precluded profits from being disbursed to individuals are eligible under this subsection.

Funding Agreement: An agreement that states the purpose of the funding, the dollar amount and the conditions attached to the grant. It also defines the rights and responsibilities of the agreement. Once signed, organisations are under a legal obligation to comply with the stated terms and conditions.

Grants: Cash or value-in-kind support given to applicants for a specified purpose directed at achieving policy outcomes. Funds assist with the services or projects proposed by applicants and Council receives acknowledgement as the grant giver.

Incorporated Organisation: A legal entity separate from its individual members that has been incorporated under Australian State or Territory law.

In-kind Support or Value In-kind support: Includes volunteer labour, administrative support, rent free accommodation or donations of material or equipment. Applicants are asked to include in-kind contributions in their application budgets. Successful recipients will also be asked to report on the value of in-kind contributions in project acquittals so that City of Parramatta can benchmark the contributions of the community sector to local projects.

Not-for-profit organisation: An organisation that is not operating for the profit or gain of its individual members whether these gains would have been direct or indirect. A not-for-profit organisation can still make a profit, but this profit must be used to carry out the purposes of the organisation and must not be distributed to owners, members or other private individuals.

Social Enterprise: A 'social business' that has the following characteristics:

- Social, environmental, or cultural mission/objectives core to its purpose and focus.
