KEY PLAN

MARION STREET - CATENARY LIGHTING OPTIONS

Catenary lighting offers a versatile and aesthetically pleasing solution for outdoor illumination. From urban streets to pedestrian walkways, catenary lighting enhances ambiance while providing functional visibility and promotes activation. Catenary lighting can be tailored to suit different streetscape requirements and can be designed to create different patterns as shown in the options below.

KEY PLAN

STREET FURNITURE PALETTE

Street Furniture (Seats and Benches)

Vibrant street furniture enhances the public space and creates a sense of place and community. Durable and hard wearing street furniture that provides an opportunity to integrate cultural decorations as shown in this example. All seats and benches will be provided with back and arm rests.

Light and Banner Pole Decorations

Cultural decals and decorations create a vibrant cultural streetscape. These decorative features add unique character and diversity to the street and can be attached to selected light poles and banner poles. Decals and decorations are to be made of steel for durability.

Pole and Bollards Wraps

Cultural wraps around existing poles and bollards will provide additional character and a sense of place to the streetscape. There is a diverse range of design options that can be applied.
